### **The World's First Stay-At-Home Billionaire To Coach More Than 23 Entrepreneurs Into Millionaires**

SAN FRANCISCO, CA – Alex Mandossian has just one word for aspiring millionaires—  
Teleseminars. For entrepreneurs who want the fastest path of least resistance to financial  
freedom, the secret is to sell from your seat. Mandossian has for 7 years and that's  
exactly how he recently sold over \$1 million dollars in teleseminar training in 27 days for  
his course, [www.teleseminarmarketing.com](http://www.teleseminarmarketing.com).

“You don't have to be a technology-whiz, think-tank or even an inventor to make  
millions,” Mandossian says. “You just need a telephone and people willing to listen. And  
that's what I teach. I show regular people how to create a seminar on a topic of their  
choice and get paid thousands and thousands of dollars for it.”

A teleseminar is a phone call via a bridge line where hundreds, even thousands, can listen  
to the training and interact with the instructor. [www.teleseminarmarketing.com](http://www.teleseminarmarketing.com)

And that explains what made it possible for Mandossian to invest just a few hours of his  
time to make \$25,000/hour in 27 days, selling “seats” to his Teleseminar Secrets  
Program. This is a figure that outranks such pro sports luminaries as LeBron James, Ken  
Griffey Jr. and the recently retired Mario Lemieux, not to mention CEOs of multi-billion  
dollar companies.

Since 1999, Mandossian has trained, schooled, and turned out men and women of all ages  
and backgrounds with the tools, strategies and systems they needed to become  
millionaires. Some of his more recognizable students include authors and entrepreneurs  
like Steven Covey, Mark Victor Hansen, Brian Tracy, Harvey Mackay, Les Brown,

Robert Allen, Jerry Falwell, Jay Conrad Levinson, Joe Sugarman, T. Harv Eker, Joe Polish, Vic Conant, David Bach, Jay Abraham and many others.

“Alex has generated literally millions of dollars for me in my bottom line, “ says Armand Morin, an Internet Marketer. “I've been doing teleseminars since 1996 and I've seen it all. No one is more qualified to teach the tricks of the trade than Alex Mandossian.”

Mandossian's Teleseminar Secrets reveal how anyone can conduct profitable seminars no matter what the topic or skill level. In a few short weeks, his entrepreneurial students learn the details crucial to success like:

- The 2 items of business you must do within the teleseminar's first 5 minutes,
- The 2 most important actions to take within the first 40 minutes, and
- The 3 biggest, most egregious errors you can make on a teleseminar

**“I tell you, his teleseminars are simply like no other,”** says Paul Colligan, The Affiliate Guy. “The guy does so much preparation for this students. You can tell by the worksheets you get, the content that he follows, the outline that's done. When you're done, you are just knee-deep in tremendous amounts of content. And he always brings back the re-play line, the transcripts, the MP3 downloads; the whole nine yards so you can listen to the information again and again without missing a single thing.”

Teleseminar Secrets is an 8-week training program that provides step-by-step instruction to making millions from your seat.
